

Launching Time

Activity 8

Directions:

1. Move the mouse over **Start** and press the left button.
2. Move the mouse over **Programs** and wait for another menu to appear.
3. Point to **Accessories** then select **NotePad**.
4. Inside Notepad's workspace, type the steps on how to display the date on your computer screen.

Preview:

5. Save the file as **LAUNCHINGTIME**.
