

Most kids like you are expressive. One of the best ways to express ourselves is through artistic means like drawing, coloring, painting, sketching and writing that open our mind about the many wonders of this world. The artistic side in you, expands your awareness of the things around you.

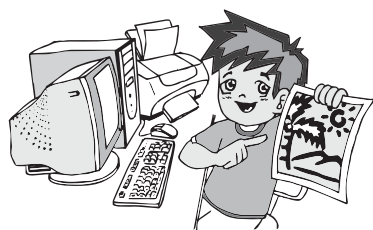

What is Pixie?

Pixie is an exciting creativity program that will help the pupils like you to explore the world further. It is equipped with unique paint tools, shapes and fill options to develop your creativity in artwork. Pixie combines a paint program with text options, clip art, voice recording, and engaging activities.

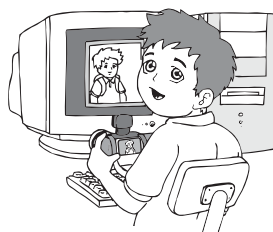

What can you do with Pixie?

★ create original artwork

★ edit photographs taken from a digital camera

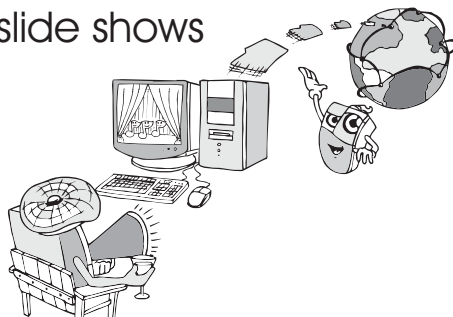

★ write and tell stories

★ record voice for narration
