

# Max Has A Table

## Introducing MaxCount

### Activity 42

## Lesson 15

--

Score

Directions:

1. In the space below, compose a table with 6 rows and 4 columns. Ask for a guide from your teacher since Rows and Columns are to be discussed in the upcoming lessons.
2. Key in the Name, Date of Birth, Age and Gender in the first column of the table.
3. Fill in the name of your four friends or classmates together with their personal data in the tables, including yours.

\* This time you make a table manually, but in upcoming lesson you will enjoy doing this in MaxCount.
