

UNIT 5

PC CARE

LESSON 1

COMPUTER CARE

Does computer need care?

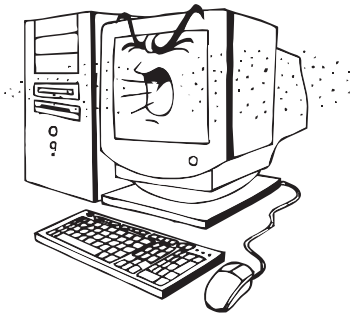

Computer is a very useful machine. Like any other electronic machines or devices, it is delicate. You have to take extra care of it.

The next pages will show the do's and don'ts of computer care.

Do's and Don'ts of computer care

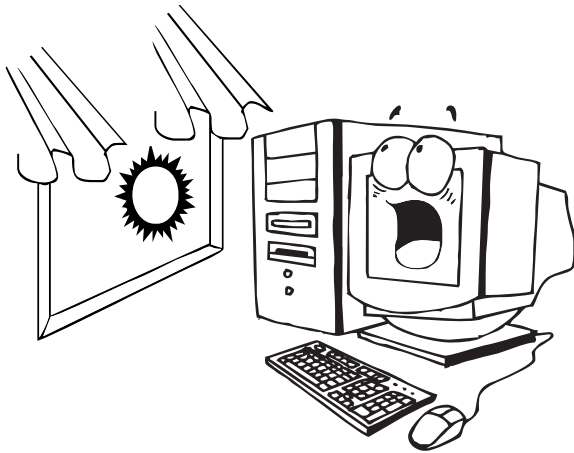

- A. Keep the computer system away from things which are harmful to it.

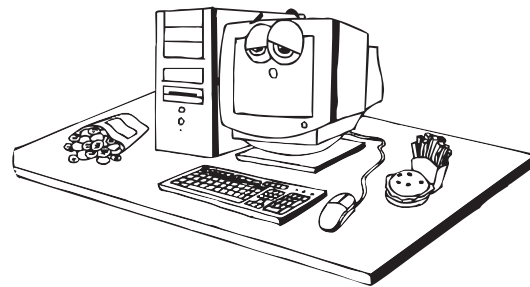

Dust and dirt

Water and drinks

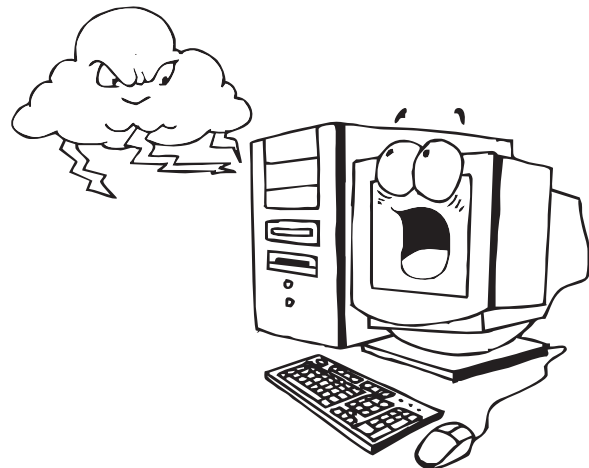

Too much heat or cold

Food particles

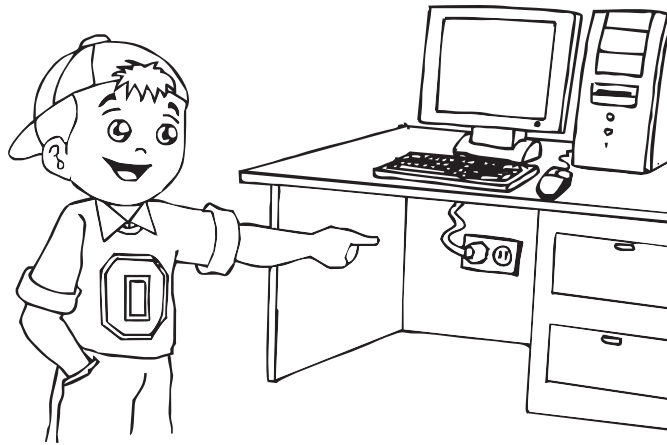

Frequent movement

Lightning

B. Keep computer cables out of the way.

Safe Computer Cable

Unsafe Computer Cable
