Lesson 14

I Love My PC

Computer Care

What favorite toy do you have at home? To keep your favorite toy in good shape, you make sure that you take good care of it.

One example is to place back your toy car to a cabinet or inside a box after you have played it or you take care of your teddy bear by keeping it in your carton box. Computer, just like your toy, needs care too. It will work properly if you take good care of it.

Here are some simple and easy ways of taking good care of the computer.

1. Do not expose your computer to the heat of the sun.

2. Do not eat in front of your computer.

Lesson 14

I Love My PC Computer Care

3. Keep dust and dirt away from your computer.

4. Avoid frequent moving of your computer to refrain it from falling.

5. Press your keyboard keys gently.
Be gentle with the mouse as well.

6. Keep food particles away from your computer.

Lesson 14

I Love My PC Computer Care

Having a computer at home or even in school is a good chance for you to learn more about it. To keep your computer in good condition, you have to take care of it.

Here are some things that you should keep away from the computer.

1. Food and drinks

2. Magnet

3. Dust and dirt

4. Direct heat of the sun

5. Water and raindrops
