

# SideTripSideTripSideTrip

## Insect, Arachnid, or Crustacean?

How can you tell an insect from an arachnid from a crustacean?

### Directions:

1. Launch your computer.
2. Open Microsoft Encarta Kids 2008.
3. Click on **Animals**.
4. Click on **Critter Corner**.
5. Click further on **Insect, Arachnid, or Crustacean?**
6. Play the game by matching the picture to its breed.  
Play until you perfect the game.

### Preview:

2. Save the sidetrip as **Place It Right**.
